- Worked last few months on Spring boot and developed systems using Spring boot, microservices, database management system.

Education

Aug'15 - Aug'19> Lucknow, India

Jahangirabad Institute of Technology, AKTU

Coursework

- Data Structures
- Algorithm Design Analysis
- Database Management System
- Computer Organization Architecture
- Operating System

Achievement & Awards

- ★ Hackerrank : **6 Star** in Problem Solving with world rank in top 1.5k.
- ★ Hackerrank : **5 Star** in Java programming and good level badge.
- ★ Chess champion in college fest **Umang'17** and won runner cup in **Utkarsh'18** university level chess competition
- ★ Recived awards for organizing treasure hunt event, NFS (Computer games) and chess competition in college.
- ★ Received awards for organizing various programing competition in college and helped them to solve problems from online judge.
- ★ Received on the spot award(award of excellence) while working in Tata Consultancy Services.

Certifications

- Learn Spring boot in 100 steps - Beginner to expert - O'Reilly
- Python data structures and algorithms - LinkedIn Learning
- Productivity and Time management for the overwhelmed - Udemy
- +25 more

Programming

Proficient: Python & Java

Intermediate: C++, PHP, Android

Familiar: R, Shell Scripting, Kotlin
